Along that line is the school that I go to.
The Hiragana railway line runs in a circle between Saitama and Tokyo.
The reason I endure an hour's commute to this rich girls' school
From there I still have a ten-minute walk.
I get on at the Aiu station, and ride to the Kefuko station
AND THEN I'LL GET TOGETHER WITH JAPAN'S NUMBER ONE SOCCER PLAYER
AND MARRY INTO MONEY...♥
is that I'm planning to win the beauty pageant here
and to become a TV announcer.
